

Name: Gul Mehak

Reg No. FA24-BCS-146

Section: A

Assignment 1 — Your Personal CV Page

Difficulty: Foundational · **Covers:** Lectures 3–6 (HTML & HTML5, Semantic HTML and Forms, CSS Fundamentals, the CSS Box Model) · **Folder:** assignment-1/

Task: Build a single-page personal CV/résumé as a static HTML + CSS website — no JavaScript, no framework, just semantic HTML5 and hand-written CSS. This is where you prove you actually know the raw building blocks before anything is allowed to hide them from you.

Your page must include, at minimum:

- A header with your name, a short professional tagline, and a photo (a placeholder image is fine).
- An “About Me” section.
- An “Education” section listing your academic history in a semantic list or table.
- A “Skills” section.
- A “Contact” section with a real `<a href="mailto:...">` link and at least one social/portfolio link.
- Correct use of semantic HTML5 elements throughout — `<header>`, `<nav>`, `<main>`, `<section>`, `<article>`, `<footer>` as appropriate, not a page built entirely out of unstyled `<div>`s.
- Styling entirely in a separate `styles.css` file (external stylesheet, not `inline style=""` attributes) using the box model correctly — sensible margins, padding, and borders, not everything jammed against everything else.

Deliverables in assignment-1/: `index.html`, `styles.css`, any images, and your completion PDF.

 Lahore, Pakistan

 [linkedin.com/in/gul-mehak-309b96328](https://www.linkedin.com/in/gul-mehak-309b96328)

Skills

- C++, Java, Python
- Object-Oriented Programming (Classes, Inheritance, Polymorphism, Encapsulation, Abstraction)
- Data Structures & Algorithms (Arrays, Linked Lists, Stacks, Queues, Trees, Graphs, Sorting & Searching, Big-O Analysis)
- Database Systems (ER Modelling, Normalization, MySQL, SQL Queries, Joins, Transactions)
- Software Engineering (SDLC, Requirements Engineering, Use Case Diagrams, Agile)
- Computer Networks (OSI Model, TCP/IP, IP Addressing, DNS, HTTP/HTTPS)
- HTML, JavaScript (basics)
- Git & GitHub, VS Code, Microsoft Office Suite

Languages

- Urdu - Native
- English - Intermediate

Education

BS Computer Science
COMSATS University Islamabad, Lahore Campus
2024 - Present
CGPA: 3.83/4.0

About Me

I'm a Computer Science undergraduate at COMSATS University Lahore with a strong academic record and a demonstrated ability to build practical software solutions. I'm committed to writing clean, functional code and continuously expanding my technical knowledge through self-driven development. I'm genuinely interested in AI and machine learning - particularly how intelligent systems can be built to solve everyday problems in smarter ways - and I aspire to build a career as an AI Engineer.
